Applied AI: Software Engineer, AI Core Dev

Description

Nasdaq is a vibrant and entrepreneurial company where everyone is encouraged to take initiative, challenge the status quo, and take intelligent risks. We want everyone to feel welcome and bring their authentic self to work. Every day, we build a culture where we all feel connected, supported, and empowered.

Now, we are looking to hire a Software Engineer in Vilnius, to join the AI Core Dev team to deploy cutting edge AI Products across the company.
