Senior Product Data Analyst

Description

Rapid7 seeks a highly motivated and inquisitive aspiring Senior Product Data Analyst to join our product analytics team. Come and join our efforts in unlocking the value of data through industry-leading innovation, cutting edge modern tooling, democratization at scale and building exceptional and trusted data products for the company!

About the Team
The Data Platform team is responsible for providing Rapid7 stakeholders with timely, credible, democratized and integrated data solutions to gain insights and scale the business. The Product Analytics function supports analytical tooling & processes, quality data models, and actionable metrics to empower Rapid7 Moose to make data-driven decisions and measure customer outcomes.
