

Data Scientist – Credit Risk Analytics

Description

Data Scientist – Credit Risk Analytics

Hybrid in London / Remote within the UK

The company

Fast, flexible finance empowers small businesses to manage their cash flow better and seize opportunities – making their business and the economy stronger as a whole. At iwoca, we do just that. We help businesses get the funds they need, when they need it, often within minutes. We've already made several billion in funding available to more than 100,000 businesses since we launched in 2012, and positioned ourselves as a leading Fintech in Europe.

Our mission is to finance one million businesses. We'll get there by continuing to make our finance ever more relevant and accessible to more businesses by combining cutting-edge technology, data science, and a 5-star customer service.
