

Data Science (AI/ML) – Working Student

Description

Working Student is a long-term paid internship, that allows you to kickstart your fabulous journey in the IT and Telecom world. As our Trainee you can have experience working in such areas that correspond to full-time engineering jobs. The internship usually lasts from 6 to 24 months. We are open to flexible working hours so that you can reconcile working with us with your studies. #OpenToYou.

As part of our team, you will:

- Contribute to digital and analytics strategy for Nokia Network CNS Commercial Management. As a Data Science intern in our team, you will get a chance to define how we build our strategy and systems to make use of automation and AI
- Learn about tools and systems like Power BI, Sage, WtD, Salesforce
- Contribute to reporting automation: to work with the analysts to define and implement real time dashboards and standard reporting apps
- Use Prediction Models, define use cases which would be solved with AI. Develop, prototype, test and implement the models.

You should have:

- Active student status (for at least one year) in the Data Science field
- Good English, both spoken and written
- Ready to work full-time during the summer time and not less than 20 hours per week during your studies
- Ready to work in multi-cultural environment, quick-learner and team-player

It would be nice if you also had:

- Major in the field of GenAI/ML/LLM

Come create the technology that helps the world act together

culture where people thrive and are empowered.

Nokia is committed to inclusion and is an equal opportunity employer

Nokia has received the following recognitions for its commitment to inclusion & equality:

- One of the World's Most Ethical Companies by Ethisphere
- Gender-Equality Index by Bloomberg
- Workplace Pride Global Benchmark

At Nokia, we act inclusively and respect the uniqueness of people. Nokia's employment decisions are made regardless of race, color, national or ethnic origin, religion, gender, sexual orientation, gender identity or expression, age, marital status, disability, protected veteran status or other characteristics protected by law. We are committed to a culture of inclusion built upon our core value of respect.

Join us and be part of a company where you will feel included and empowered to succeed.

How the process will look like

Your teammates will gather all requirements within our organization. Then, once priority has been discussed, you will decide as a team on the best solutions and architecture to meet these needs. In continuous increments and continuous communication between the team and stakeholders, you're part of making data play an even more important (and understood) part withing Brand New Day.
